DETAILED ACTION

1. Applicant's arguments with respect to claims 1-6 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 103

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over USP 4,675,286 (Calenoff) in view of Chaiken et al.

The Calenoff patent discloses a method of separating fetal cells from maternal cells by using a separation antibody which preferentially binds to fetal cell antigens (abstract). The reference further discloses that the antibodies can be coupled to solid surfaces such as plastic or glass containers, etc (col.5, lines 13-30). Example #3 of the patent discloses that the method includes slowly stirring the reaction mixture for 1 hour. The reference is silent as to the use of the device defined in the claims for creating chaotic flow. The Chaiken et al. article discloses that it is advantageous for achieving efficient stirring to create chaotic advection (page 166, beginning of the 3rd paragraph). The article further describes the same device used and claimed by applicant for creating chaotic flow (page 169). Since the apparatus disclosed in figure 2 of Chaiken et al. is used to create chaotic flow for optimizing stirring, it would have been obvious to one skilled in the art to use the device in the method disclosed in Calenoff for stirring the reaction mixture.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
